FINALE

*2-3-year-old class, come backstage at beginning of show, ready for tap. Drop your ballet shoes off in the 6 & under area on your way backstage.

When the dance is done, report back to the 6 & under area after your dance and change your dancers' shoes. The stage manager will come to pick you up from there when we're ready for you backstage for ballet. After ballet, you can sit with your dancer in the audience (on your lap). Report backstage at the beginning of finale. Please do all of this in between dances and not while there is a performance on stage.

**3-4-year-old class. You can either sit with your dancer on your lap for the first half of the show and bring them to the 6 & under area at intermission, or just drop them off in the 6 & under section for the entire show. Either way, make sure they have their dance bag with their shoes. Make sure they have their ballet shoes on before you take your seat. You will pick them up from this area after the show. Please do all of this in between dances and not while there is a performance on stage.

*** ALL 5-6-year-old classes. Report to the 6 & under area before the show begins. Make sure you have all shoes and costumes with you and that you are ready to go in your first costume. The backstage help will take it from there, parents can go sit and enjoy the show! At intermission you can either come get your dancer to watch on your lap or leave them there to watch the show. Please do all of this in between dances and not while there is a performance on stage.

No matter what you decide to do, please have your dancer report to the 6 & under area for finale between songs 36 & 40 for finale. Make sure you do this in between dances.
